ACKNOWLEDGEMENTS

I would like to thank the following individuals for assisting in the development of this report by providing current information and answering my many questions. Their ongoing co-operation has been greatly appreciated.

Bill Janssen	-	Regional Planning and Development Department
Royston Butchey	-	Canada Mortgage and Housing Corporation
Debra Taylor	-	Canada Mortgage and Housing Corporation
Jill Bradford	-	Hamilton-Wentworth Housing Authority
Barry Dymont	-	Hamilton-Wentworth Housing Authority
Linda Pawlick	-	McQuesten Legal and Community Services
Byron Hill	-	Ontario Housing Corporation
Suzanne O'Grady	-	Hamilton East Kiwanis Non-Profit Homes, Inc.
April Preston	-	Victoria Park Community Homes, Inc.
Ben Kris	-	Hamilton-Wentworth Housing Authority
Derrick White	-	Hamilton-Wentworth Housing Authority

Special thanks to Shurl Kocman for so graciously accepting and completing the task of typing this report under less than ideal circumstances.

INTRODUCTION

The Regional Municipality of Hamilton-Wentworth contains a large number of assisted housing units involving many government agencies and millions of dollars.

The actual size, type and distribution of these units, however, has not been well documented for the total inventory. The purpose of this report is to provide a more accurate portrait of the nature of assisted housing, from a statistical standpoint, as it currently exists in Hamilton-Wentworth.

The report is structured to contain the following sections:

- Section I: The Structure of Assisted Housing
- Section II: The Government Agencies
- Section III: The Programs
- Section IV: The Inventory

It is hoped that the report will provide an up-to-date and accurate description of the assisted housing situation in the Region. The inventory represents those units in operation or completed at the time of printing. Doubtlessly, errors and omissions exist, however, every effort has been made to minimize their occurrence.

SECTION I: THE STRUCTURE OF ASSISTED HOUSING

Government sponsored assisted housing programs can be generally classified into two groups: 1) public housing programs (assisted financially and operated by the government), and 2) private sector programs (assisted financially by the government but operated by landlords/groups/municipal corporations). Figure 1 illustrates the various programs, agencies and inventories.

There are currently in Hamilton-Wentworth a total of 9,904 assisted housing units:

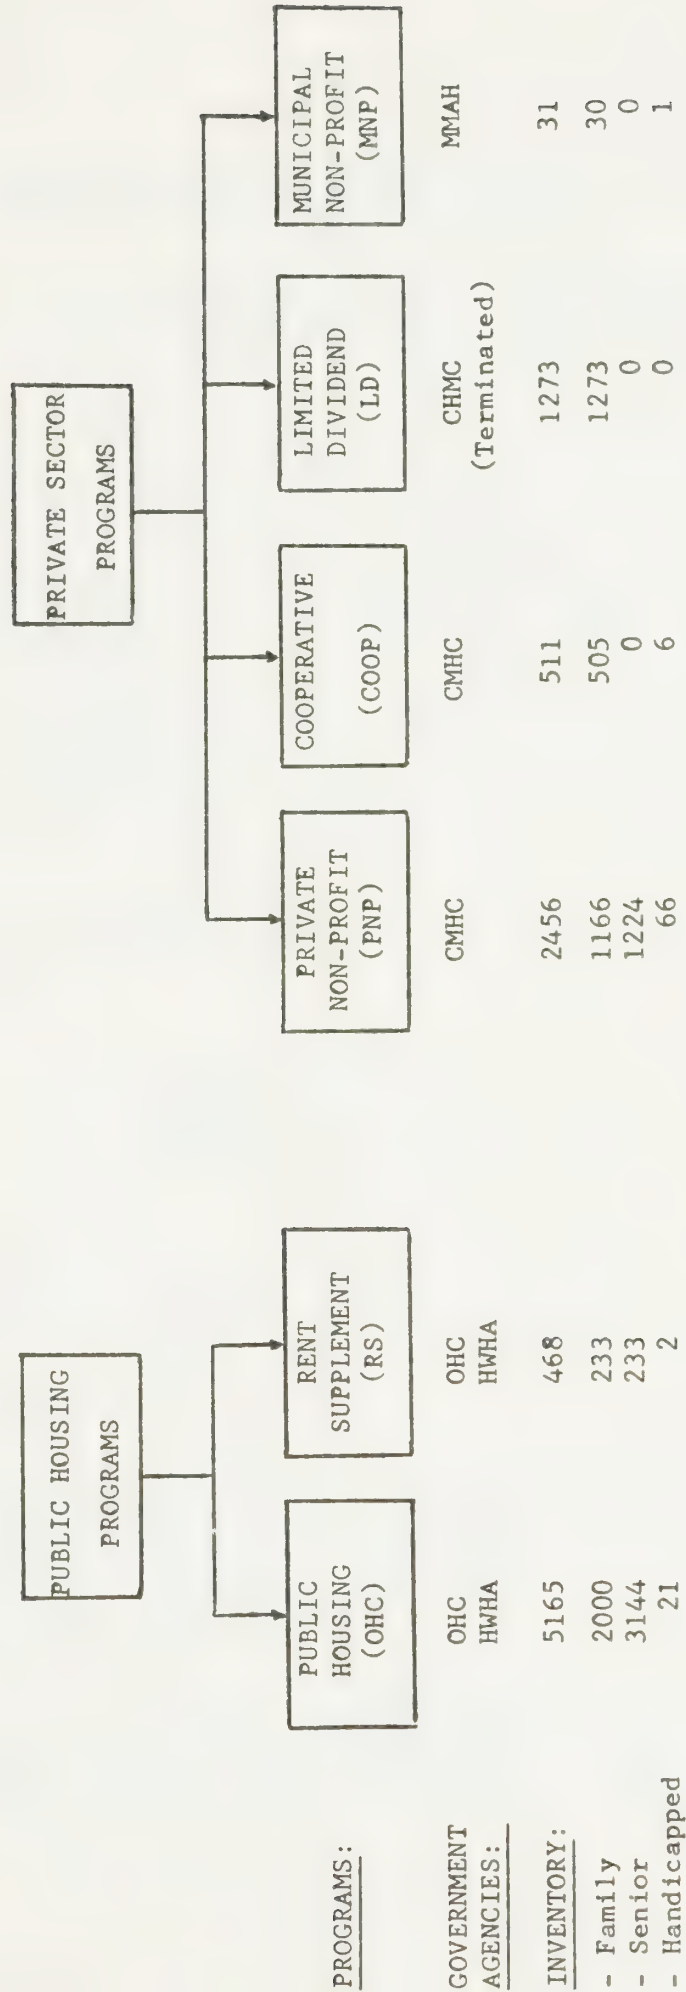

5,177 units	(52.27 percent)	for <u>families</u>
4,631 units	(46.76 percent)	for <u>senior citizens</u>
96 units	(0.97 percent)	for <u>handicapped</u> (modified for wheel-chair use)

Of the 9,904 assisted housing units:

5,165 units	(52.15 percent)	operate under the <u>public housing</u> program
468 units	(4.73 percent)	operate under the <u>rent supplement</u> program
2,456 units	(24.80 percent)	operate under the <u>private non-profit</u> program
511 units	(5.16 percent)	operate under the <u>co-operative</u> program
1,273 units	(12.85 percent)	operate under the <u>limited dividend</u> program
31 units	(0.31 percent)	operate under the <u>municipal non-profit</u> program

- CMHC - Canada Mortgage and Housing Corporation
- MMAH - Ministry of Municipal Affairs and Housing

SECTION II: THE GOVERNMENT AGENCIES

A number of provincial and federal government agencies participate in the provision of assisted housing. Their general responsibilities are outlined below.

1. CANADA MORTGAGE AND HOUSING CORPORATION (CMHC):

The major responsibility of this federal corporation is to administer the National Housing Act, 1954 (NHA) (RSC 1970 C.N.-10).

More specifically, in the area of assisted housing, the Canada Mortgage and Housing Corporation's main function is to promote integrated housing projects which include a diversity of income levels and lifestyles.

The Canada Mortgage and Housing Corporation provides program assistance in three areas:

- 1) non-profit housing;
- 2) co-operative housing, and
- 3) public housing.

2. ONTARIO MINISTRY OF MUNICIPAL AFFAIRS AND HOUSING (MMAH):

In general terms, the provincial Ministry of Municipal Affairs and Housing is responsible for:

"insuring that provincial interests are reflected through a sound planning framework; facilitating the provision and maintenance of adequate housing; [and] ensuring efficient use of lands acquired for residential, commercial and industrial development."¹

¹Ministry of Culture and Recreation, "New" KWIC Index To Your Ontario Government Services 1981/82 (Toronto: Ministry of Culture and Recreation, 1981), p. 228.

More specifically, the Ministry of Municipal Affairs and Housing is responsible for conducting market surveys (e.g. waiting list analyses and questionnaire surveys) upon the request of Municipal Councils or the Ontario Housing Corporation (a provincial agency which receives policy direction from the Ministry).

3. ONTARIO HOUSING CORPORATION (OHC)

The Ontario Housing Corporation is the provincial agency that actually owns and maintains operational control over the public housing portfolio. The Corporation administers the rent supplement program but does not own any units in privately held buildings. Such units are contracted to the Corporation for geared-to-income applicants. The Corporation provides rental housing to lower-income families, senior citizens and mentally and physically disabled individuals who qualify for such assistance.

Furthermore:

"OHC, which was established in 1964, has the power to develop non-profit housing as well as public housing. Private sector funding is used to reduce demands on government finances. OHC also acquires the use of units for rent-geared-to-income purposes in properties not owned by the corporation."²

Recent policy direction has been focused towards the development of the municipal non-profit program.

4. HAMILTON-WENTWORTH HOUSING AUTHORITY (HWA):

A large part of the Ontario Housing Corporation's housing portfolio is managed, on a day-to-day basis, by local housing authorities such as the Hamilton-Wentworth Housing Authority in this Region.

²Ministry of Municipal Affairs and Housing, "Outline - Ontario Housing Corporation" (Toronto: Ministry of Municipal Affairs and Housing, 1980).

The Hamilton-Wentworth Housing Authority, like many other housing authorities:

"is delegated freedom of action to deal with the local issues within the framework of the management agreements and general policy directives issued by OHC. Because they are local in nature, housing authorities are better suited to respond to the needs of their communities with regard to assisted accommodation. Housing authority members are nominated by the three levels of government."³

All three levels of government are involved in providing assistance in the area of housing, whether it be financial cost-sharing, administration or the management of various parts of the total assisted housing inventory. There are also a number of community interest groups/organizations, such as Victoria Park Community Homes Inc., who are involved in the provision of assisted housing under private sector programs.

³ Ministry of Municipal Affairs and Housing, "Outline - Ontario Housing Corporation".

SECTION III: THE PROGRAMS

Assisted housing units are currently being provided under six programs by the government agencies previously described. A basic outline of each program follows.

1. PUBLIC HOUSING PROGRAMS

a) Public Housing Assistance:

Administration - the Ontario Housing Corporation is responsible for this program since they own and maintain operational control over the housing units.

Management - the Hamilton-Wentworth Housing Authority manages the housing stock on behalf of the Ontario Housing Corporation by conducting regular maintenance and property upgrading operations as part of their responsibilities.

Inventory - there are a total of 5,165 public housing units in Hamilton-Wentworth. Of this total, 2,000 units (38.72 percent) are for families; 3,144 units (60.87 percent) are for senior citizens; and 21 units (0.41 percent) are for the handicapped.

Tenant Selection - to be eligible for public housing, a family must be composed of a parent(s) aged 18 years and over with at least one dependent child. Senior citizens must be aged 60 or older or, for couples, one of the spouses must be at least 60 years of age. Applicants are placed on a waiting list and point-rated according to their 'need' for assisted housing. Up to 100 percent of the units in any public housing project can be rent-geared-to-income. Families selected generally pay between 16.7 percent and 25.0 percent of their gross family income towards the rent

for their assisted housing unit. Selected senior citizens generally pay between 20 percent and 25 percent of gross income toward rent.

Funding - the Ontario Housing Corporation borrows up to 100 percent of approved capital costs from privately insured lending institutions and operating subsidies are shared on a 50:50 basis between the federal and provincial governments. Currently, no new units are being provided by the Ontario Housing Corporation, but the existing inventory will continue to be maintained.

b) Rent Supplement Program:

Administration - the Ontario Housing Corporation is responsible for the administration of this program, however, the initial responsibility for the procurement and placing of units under the rent supplement agreement are the responsibility of the Ministry of Housing and Municipal Affairs.

Management - the Hamilton-Wentworth Housing Authority administers the agreements on behalf of the Ontario Housing Corporation. The private landlords are responsible for rent collection, maintenance and repairs in the same manner as for those residents who are not receiving subsidy assistance.

Inventory - a total of 468 rent supplement units exist in the Region with 233 (49.79 percent) of these established for families; 233 (49.79 percent) for senior citizens, and 2 units (0.43 percent) for the handicapped.

Tenant Selection - prospective tenants are chosen from the Hamilton-Wentworth Housing Authority waiting list for assisted housing. The private landlord - who agrees to enter his/her units into the program - then meets with the Hamilton-Wentworth Housing Authority management to discuss prospective tenants. The selected applicants are then advised that a unit is available and leasing arrangements are made between the landlord and the prospective tenant. Up to 25 percent of the units in a family complex can be established for rent-geared-to-income assistance. The families so selected pay on a rent-geared-to-income basis for between 16.7 percent and 25.0 percent of their gross income. Up to 50 percent of the units in a senior citizen complex can be allocated for rent-geared-to-income assistance where the seniors pay between 20 percent and 25 percent of gross income.

Funding - private landlords make their units available to tenants needing rent-geared-to-income housing. If the units are satisfactory, the Ontario Housing Corporation and the landlord enter into an agreement for a minimum three year period. The landlord and the Corporation then agree on a current market rent level which does not exceed local market rents for similar accommodation. Under this agreement, the Ontario Housing Corporation pays, to the landlord, the difference between the agreed market rent for the accommodation and the geared-to-income rent determined by the Corporation for each tenant. Following this, the tenant signs a lease with the landlord who is responsible for rent collection, repairs and maintenance, etc. Operating subsidies for the rent supplement program are shared by the federal and provincial governments on a 50:50 basis.

2. PRIVATE SECTOR PROGRAMS

a) Private Non-Profit Housing Program:

Administration - The Canada Mortgage and Housing Corporation is responsible for providing assistance under this program.

Management - non-government, private non-profit corporations operate the units (referred to as the sponsoring group).

Inventory - a total of 2,456 assisted private non-profit units are currently available in the Region of which 1,166 units (47.48 percent) have been delegated to families; 1,224 units (49.54 percent) for senior citizens, and 66 units (2.69 percent) for the handicapped.

Tenant Selection - the sponsoring group is given the task of selecting tenants but the actual process varies as set out in the operating agreement with the Canada Mortgage and Housing Corporation. A waiting list and prioritizing of applicants is frequently used in the selection process.

Funding - the Canada Mortgage and Housing Corporation provides the following assistance to non-profit organizations under the provisions of the National Housing Act:

- "Financial assistance [of up to \$75,000] to develop the housing proposal to the point where a loan application can be made:
- Loan insurance for up to 100% of the agreed-to-cost of the project [for a period of up to 35 years] when mortgage financing is obtained from lenders approved by CMHC.

- Financial assistance to subsidize mortgage payments from going market interest rate to as low as 2%. This has the effect of reducing rents, especially for low-income tenants; and
- Funding for repairs and modifications [of up to \$3,750 per unit under the federal Residential Rehabilitation Assistance Program - RRAP] where existing housing is acquired."⁴

b) Co-operative Housing Program:

Administration - the Canada Mortgage and Housing Corporation is responsible for providing assistance under this program.

Management - co-operatives are managed entirely by groups of people who have been incorporated as non-profit housing co-operatives under provincial law. Co-operative members can actively participate in the operation of the project by doing their own maintenance and bookkeeping to reduce their operating costs and, consequently, to keep their rents down.

Inventory - a total of 511 assisted co-operative housing units are available in the Region of which 505 units (98.83 percent) are for families; 0 units (0.00 percent) for senior citizens, and 6 units (1.17 percent) are for the handicapped.

Tenant Selection - the Board of Directors of the co-operative are responsible for the selection of potential tenants but the actual selection process varies depending upon the type of agreement made with the Canada Mortgage and Housing Corporation. A waiting list and prioritizing of tenants are likely methods of unit allocation. The

⁴Canada Mortgage and Housing Corporation, The Private Non-Profit Housing Program (Ottawa: Canada Mortgage and Housing Corporation, 1981), p.2

co-operative is designed to provide for a range of incomes. A minimum of 15 percent of the units in a co-operative can be allocated to families or senior citizens on a rent-geared-to-income basis whereby the applicant generally pays between 16.7 percent to 25.0 percent (families) and 20 percent to 25 percent (seniors) of their gross income towards rent. The remaining tenants are charged at a rate which relates to the lower end of the range of rents in the private market for similar housing. CMHC is also encouraging 5 percent of all units to be allocated to handicapped/disabled persons.

Funding - the Canada Mortgage and Housing Corporation provides the following assistance to co-operative housing groups under provisions of the National Housing Act:

- "Financial assistance [of up to \$75,000] to develop the housing proposal to the point where a loan application can be made:
- Loan insurance for up to 100% of the agreed-to-cost of the project [for a period of up to 35 years] when mortgage financing is obtained from lenders approved by CMHC:
- Financial assistance to subsidize mortgage payments from going market interest rate to as low as 2%. This has the effect of reducing rents, especially for low-income tenants; and
- Funding for repairs and modifications [of up to \$3,750 per unit under the federal Residential Rehabilitation Assistance Program - RRAP] where existing housing is acquired."⁵

⁵ Canada Mortgage and Housing Corporation, The Cooperative Housing Program (Ottawa: Canada Mortgage and Housing Corporation, 1981), p. 2.

c) Limited Dividend Program (terminated in 1976):

Administration - although the limited dividend program was terminated in 1976, the Canada Mortgage and Housing Corporation is still responsible for the administration of the portfolio still operating in Hamilton-Wentworth.

Management - the landlords/developers who supply the units also manage the inventory.

Inventory - currently, there are 1,273 assisted limited dividend units in the Region of which it is assumed that all (100.0 percent) are designated for families.

Tenant Selection - since the program is intended for low to moderate income groups, the Canada Mortgage and Housing Corporation has established an average rent figure for the units. Families whose gross income is less than four times the average rent set by the Canada Mortgage and Housing Corporation are considered eligible for a unit, as a guideline. However, if a family's gross income is 25 percent above the four times average rent limit, they are not considered eligible for a limited dividend unit. Within this framework, the landlords are free to select their own tenants. Units can be established for families requiring rent-geared-to-income assistance, but there are no quotas or guidelines which the landlord must follow. Landlords must deal directly with the Ministry of Municipal Affairs and Housing if rent-geared-to-income families are to be housed in limited dividend units. Annual audited statements from the landlords must be submitted to the Canada Mortgage and Housing Corporation who are also responsible for approving rental increases.

Funding - the units in the limited dividend inventory have been constructed by private builders or organizations (who own and manage the units) with capital assistance from the Canada Mortgage and Housing Corporation of up to 90 percent mortgage relief. A preferential mortgage rate of from 5 to 8 percent for a 50 year amortization period was also given to landlords. No rent subsidies or supplements are included in the Canada Mortgage and Housing Corporation assistance. Each landlord enters into an agreement with the Canada Mortgage and Housing Corporation to limit profits on their units. However, landlords are allowed a return on their equity of 5 percent per year (which is tied to the amount of equity involved). No new units have been acquired/built since 1976, nor will any be acquired, but existing units will continue to be assisted.

d) Municipal Non-Profit Housing Program:

Administration - the Ministry of Municipal Affairs and Housing is responsible for the overall administration of the municipal non-profit program including the project review, approval and inspection process for each development. Once a project has been approved by the Province, federal rent reduction grants and loan insurance through the Canada Mortgage and Housing Corporation can be made available.

Management - units in the program are maintained by the municipal non-profit corporation which has agreed to sponsor the development.

Inventory - at present, there are 31 municipal non-profit housing units in the Region of which 0 units (0.00 percent) are for families; 30 units (96.77 percent) are for senior citizens; and 1 unit (3.23 percent) is designed for a handicapped individual.

Tenant Selection - an administrative manual has been prepared for non-profit housing groups setting out the criteria under which tenants should be selected. Rent-geared-to-income applicants may be selected from the Hamilton-Wentworth Housing Authority waiting list. The program is designed to provide for a range of incomes. Up to 25 percent of the units in a municipal non-profit program can be designated for families on a rent-geared-to-income basis whereby the family generally pays between 16.7 percent and 25.0 percent of their gross income towards rent. For senior citizens, up to 50 percent of the units can be rent-geared-to-income assisted whereby the tenant pays between 20 percent and 25 percent of gross income toward rent. The remaining tenants are charged at a rate which relates to the lower end of the range of rents in the private market for similar housing.

Funding - the program provides assistance for the following capital costs:

- "National Housing Act (NHA) insurance on mortgage loans from NHA - approved lending institutions..., up to 100 percent of the lending value of acquired recommendations or new projects [by the Canada Mortgage and Housing Corporation].

[In addition, provision is made for the following operating subsidies:]

- An annual federal rent reduction grant to help offset operating losses. This grant has the effect of reducing the effective interest rate applied to approved capital project costs to two percent over a 35-year loan amortization period....
- The province offers an additional rent reduction grant, if required, of up to 100 percent of the federal rent reduction grant.

-if additional subsidy is required at this stage, it would be shared on a 50:50⁶ ratio by the federal and provincial governments."

⁶Ministry of Municipal Affairs and Housing, "Outline - Municipal Non-Profit Housing" (Toronto: Ministry of Municipal Affairs and Housing, 1980).

SECTION IV: THE INVENTORY

The assisted housing inventory in Hamilton-Wentworth is documented in three ways in this section:

1. Summary Tables - describing the total inventory along various dimensions.
2. Maps - illustrating the inventory by planning neighbourhood.
3. Location Tables - describing the total inventory by address.

1. SUMMARY TABLES

The following codes are used in this part of the report:

ORC - Public Housing (Ontario Housing Corporation)
 RS - Rent Supplement
 PNP - Private Non-Profit
 COOP - Co-operative
 LD - Limited Division
 MNP - Municipal Non-Profit
